BUILD NEW FACTORIES, EQUIPMENT

BRICK AND TILE FACTORY BEING BUILT IN NIN -- Split, Slobodna Dalmacija, 25 Jun 51

Zadar, 25 June -- Large deposits of good-quality clay have been uncovered near Nin. As a result, construction has begun on a factory which will produce about 10 million bricks and tiles, thus ending the necessity to ship building materials in from the interior.

The Main Directorate of the Construction Industry in Zagreb has allotted 20,800,000 dinars for work on the new factory. A rotary furnace is expected to begin operation in 1952.

CEMENT FACTORY UNDER CONSTRUCTION IN POPOVAC -- Ljubljana, Slovenski Porocevalec, 12 Jul 51

Work was recently begun on the construction of a large cement factory in Popovac near Varacin. The main shop will be 250 meters long and will have two rotary kilns 120 meters high. The production capacity of the new factory will be eight times that of the old factory now in operation in Popovac, while the number of workers employed will be less.

PRODUCE FIRST SERIES OF GASOLINE TANK TRUCKS -- Zagreb, Narodni List, 21 Jun 51

Belgrade, 21 June -- One of the Yugoslav military enterprises has produced the first series of Yugoslav-made gasoline tank trucks, for filling aircraft fuel tanks. The tank truck has an intake rate of 5,000 liters in 3 minutes, which it can pump into aircraft fuel tanks in 5 minutes. Each Yugoslav airfield is to be assigned two tank trucks in the near future.

Technician Petar Ruk, Maj Nikola Vukotic, and others in the enterprise worked out the original design and constructed the first prototype.
